## Notes

Note 1: Province in Vietnam where each agency was licensed to place children by the Vietnam Department of International Adoptions during 2006 to 2008. See time periods in the next 3 columns. Agencies licensed by 2008 may have been licensed earlier. Agencies may or may not have actually placed children from that province.

Note 6: Agencies marked as closed have not been contacted. Closed status is assumed based on the lack of an active website. Rainbow House has an active website, but does not appear to be offering adoption services at this time.

Note 7: State of the home office location of each agency.

Note 8: Website of each agency. In the case of closed agencies, this is the former website which may no longer contain agency information or may contain unrelated data.
